

Is Intelligent Design Theory Science?

ID Theory is Not Science

When we say that ID theory is not science, we are NOT saying that:

Intelligent Design Theory is _____

Intelligent Design Theory _____ *the Sciences*

Intelligent Design Theory is Without _____

Intelligent Design Theory is _____

The Role of Science (A Courtroom Analogy)

Think of the 'courtroom' as an analogy:

Expert Scientific Witnesses

Attorneys

Jury Members

The Evidence We Use to Make A Case

OK, before the two detectives can even begin to 'work' the case, they are going to need to determine if there IS a case:

The Connected Complexity of the Scene

At the Homicide _____

In the Flagellum _____

The Existence of Specific Information

At the Homicide _____

In the Flagellum _____

The Resemblance to Past Patterns

At the Homicide _____

In the Flagellum _____

The Inadequacy of Alternative Explanations

At the Homicide _____

In the Flagellum _____
